## MARMOTTE STATION

From Route 138:

Drive into the town of Saint-Aimé des Lacs (1), then continue about 10 km on the main road. Not long after the convenience store in Lac Brûlé, you'll see blue signs for Domaine Pic-Bois. Turn left onto Chemin du Pied-des-Monts, (intersection in Y) (2) then stay to the right.

Follow the signs on Chemin du Pied-des-Monts for the Domaine Pic-Bois hunting lodge.

The paved road will eventually turn into a dirt road (3). From this point, continue 4.7 km until you see signs for Lac Boudreault, Mont des Morios, sentier des Chutes (trail). **DO NOT** turn at the sign for Lac Nice. Turn left at the next road, going towards Lac Boudreault. Cross the bridge over the Gouffre river.

In another 3 km, there will be two roads (4). Stay to the left and you will reach the Marmotte cabin, which will be right after Lac Boudreault (on your right) and just before the power lines. The cabin is on the left side, set back from the road. To get to the hut, continue towards the power lines and you'll see signs for the hut ("refuge" in French) on the right.

Please drive slowly and carefully along the last section (**FROM POINT 4 TO MARMOTTE STATION**) since there might be runners coming towards you. Thank you for treating them respectfully.
